FASHION AT HOME

The never-ending evolution of fashion touches us all, from how we dress to how we live. In 2008, ELLE DECOR and The Merchandise Mart Design Center debuted Fashion at Home—a DreamHome that took its cue from the fashion trends and icons defining style today. Chicago's best design talent created nine couture rooms using furnishings from one of the country's foremost design centers.

DreamHome was on display for three months from September 25 to December 20, uniquely located within the heart of the historic Merch Mart, the hub of the interior-design industry. More than 20,000 design enthusiasts, affluent homeowners and savvy members of the trade toured the inspiring and innovative rooms.

To learn more about all the rooms within Fashion at Home, visit mmart.com/dreamhome.
