a showing of all the winners of  
the 2009 ASID Illinois  
Design Excellence Awards  
from 17 different categories

# DESIGN EXCELLENCE AWARDS 09

## AND THE WINNER IS...

Now, in its' sixth year, the ASID Illinois Chapter presents its Design Excellence Awards to designers who have produced superlative interior designs during the previous year. In fifty-two stunning pages, this private label magazine celebrates the work of the very talented winners, who represent the best of design in this competition.

Designers submitted their entries in 23 residential, contract and product design categories, including: green design, universal design, singular residential space, kitchen, bath, showcase room, tile design, corporate offices, retail, hospitality, healthcare institutional, furnishings and fixtures. A panel of distinguished interior design professionals from the Georgia Chapter of ASID judged and selected category winners.

The winners of the "Design Excellence Awards" were announced at the Merchandise Mart Conference Center on Thursday, September 17th with Platinum sponsor, Cosentino, the largest manufacturer of natural quartz surfaces in the world, opening the show. Jointly presented by ASID-IL and i4 design magazine, the awards competition is open to ASID Illinois members, International Interior Design Association Illinois members (IIDA-IL) and registered interior designers in the State of Illinois. And, without further ado—we present the 2009 ASID Design Excellence Award winners.—**i4**
